Status should be under review or draft if being reviewed by admin and should not be able to change

Right actions says view

We need to add a status to the request : draft > submitted > to review > approved

Also it should not be possible to modify a request under submitted or approved

Does the admin receive a notification to indicate a new employee has been added ?

ADMIN ACCESS

FILTERING DOES NOT WORK

BY STATUS SUBMITTED > APPROVED ETC

Also should be able to be filtered and search by client or name
